funds available in his budget to this additional salary. The judge's response was "no."

After it was determined that the budget would have to be amended to meet this need, the commissioners voted to table the matter for further study.

Sherry Trawick, who is with the Coffee County Health Department and oversees the Adult Daycare program, came before the commission "just to say thank you."

She also briefed the members of the commission on the activities of the county's two daycare centers.

At the present time, the Elba facility averages about 25 "clients" per day while the Enterprise center averages about 32.

She assured the commissioners that this has been a real meaningful project that has made a difference in people's lives.

The daycare serves people from all walks of life and with many different problems. There are individuals who are mentally handicapped who have completed the schooling available to them, elderly who have been physically abused, those who have Alzheimer's disease, older adults who are under the care of their children and need a break, and those senior adults who are just lonely or isolated and want the company of other people.

"I want to express to you [commissioners] that this is one of the healthiest, most enjoyable places you'll ever be," said Trawick.

"These individuals blend together, work with each other, and love each other...it becomes a very therapeutic, happy, wholesome place for them to spend the day."

Trawick concluded by thanking the commission for its support without which this program would not be possible.

She introduced the directors of the Elba and Enterprise centers to the commission. They are Leigh Edwards and Christine Johnson respectively.

Commission Chairman Tom Grimley brought up the matter of additional security fencing for the county jail.

The matter was brought up several weeks ago by Sheriff Ben Motes. He requested the additional fence in order to provide better security and to stop the flow of contraband into the facility.

After a brief discussion on the matter, commissioners agreed to fence the south side of the jail, but to wait on doing the north side until a later date - possibly next year.

In Commissioner Robert Stephens' motion, it was stipulated that bids be sent out specifying that prisoner labor be used in the installation of the fence. The lowest bid will be accepted.

There was a brief discussion concerning the placing of a caution light, by the county, at the intersection of Co. Rd. 625 and AL Hwy. 134.

Several meetings with state highway department officials have failed at getting a light installed.

The county's attorney, Kenneth Fuller, cautioned the commissioners

on the possible liability factors involved, should they choose to install the caution light.

In the past several months, there have been several wrecks at the intersection with some on them resulting in fatalities.

Should the county install the traffic device, they will accept the responsibility for providing electrical power to the light and regular maintenance.

Commissioners made a motion to install the caution light at the intersection if the state fails to do so. One member of the commission, however, set the speed limit in Sandy Oaks Subdivision at 25 miles per hour, and two, the bridge replacement over Stanley Mill Creek on Co. Rd. 442.

In other matters of business, the following actions were taken:

***Robert Stephens was appointed by Grimley to serve on the Resource Conservation & Development Council. He replaces Bill Faulk.

***Grimley will serve on the county's Emergency Management Agency Board.

***Approved two requests made by County Engineer Randy Tindell. One, set the speed limit in Sandy Oaks Subdivision at 25 miles per hour; and two, the bridge replacement over Stanley Mill Creek on Co. Rd. 442.

HRDC now taking applications for LIHEAP

Human Resource Development Corporation will be taking applications for heating assistance through the federal LIHEAP program on January 27, 1997, 9:00 a.m. until 3:00 p.m. at the Enterprise Recreation Center, East Lee St., Enterprise, AL 36330.

Applicants must provide proof of gross income for each person in the household for the month of December 1996 (ex., if paid weekly, bring four (4) check stubs). The person making the application must bring Social Security number(s) and a heating bill.

If an applicant is unable to apply for himself/herself, he/she may send a representative with a signed permission statement and the above documentation.

EBONY Fashion Fair Show to be held

The Kappa Pi Omega Chapter of Alpha Kappa Alpha Sorority, Inc., will present the 39th annual EBONY Fashion Fair Show at the Dothan Civic Center, Dothan, AL, on January 18, 1997 at 8:00 p.m. The theme is "The Great Fashion Mix".

For tickets, please call 347-0193, 393-3547, 347-3294, 894-2325, 347-9723, 347-2834, 347-9426, 347-8231, or 347-5171.

Flood Warning System dedication ceremony set for January 29th

The ALERT (Automated Evaluation in Real Time) Flood Warning System for the Choctawhatchee-Pea Rivers basin will be dedicated Wednesday, January 29, 1997.

Ceremonies will begin in Elba, Alabama at 9:00 a.m. in the courtroom of the Coffee County Courthouse.

Congressman Terry Everett will be the keynote speaker for the event. The Governor's office will be represented by Mr. James Sasser, Executive Secretary to Gov. Fob James.

Mr. James Grimes, Mayor of Elba, Mr. Tom Grimley, Chairman of the Coffee County Commission, and Mr. Thomas Fuqua, Chairman of the Choctawhatchee-Pea Rivers Watershed Management Authority will also take part in dedicating the flood warning system.

The U. S. Army Corps of Engineers will officially transfer the flood warning system to the Choctawhatchee-Pea Rivers Watershed Management Authority for operation and maintenance during this ceremony.

This event will mark the beginning of an era where local officials in Elba will be able to provide its residents and those nearby communities with added advance warning on impending floods.

Also, the National Weather Service will access the data through a computer modem for use in their River Forecast Center in Atlanta, GA.

The general public is invited to attend the dedication ceremony.

The city council report of January 16th confused some readers. The report that social security recipients are eligible for free garbage pick up was not clear.

It should have explained that residents must live in a household which has ONLY the income from social security and/or SSI to qualify. The utility can, by law, require documented proof of household income from applicants.

State Representative Garreth Moore (R-Coffee County) has been chosen by Gov. Fob James to serve on the Citizen Review Panel on Child Fatalities.

The panel is charged with examining the policies and procedures of state and local agencies as they relate to curtailing the number of child fatalities in Alabama.

"I am pleased Gov. James has confidence in my ability to contribute to the goal of reducing child mortality as it relates to state and local agencies," said Moore.

The panel serves 22 counties and is comprised of seven members. There will be three panels, including the one Moore was named to, which cover the northern, central and southern regions of Alabama.

In addition to examining policies and procedures of state and local agencies, the panel will:

• Review and evaluate cases of child fatalities

• Evaluate the extent to which agencies are effectively discharging child protection responsibilities as they relate to child fatalities

• Evaluate the extent to which protective service systems are coordinated with foster care and adoption programs as they relate to child fatalities

• Review child fatalities and near fatalities

• Prepare an annual report to be made public of the activities of the panel as related to the review of child fatalities including specific recommendations.

• The panel must meet at least quarterly

The only restriction placed on the panel is that members and staff shall keep confidential any identifying information about any specific child's case and any other information received by the panel unless provided by state statute.

Elba to honor Ronald McKinnon

By Marvin McLwain, Editor

Elba will honor one of its own Saturday night and at the same time, the honoree will address the members of the Elba Chamber of Commerce.

Ronald McKinnon, a young man who excelled in the sport of football at the local and college levels, is

scheduled to be the keynote speaker at the Elba Chamber of Commerce's annual membership banquet.

The event is set for Saturday night, January 25, at 6:00 p.m. in the cafeteria of the Elba High School.

After an impressive high school football career, McKinnon attended the University of North Alabama on a football scholarship. While there,

he broke and set all kinds of school records.

In his senior year (1995) at UNA, McKinnon won the coveted Harlon Hill Trophy (NCAA Division II's equal to the Heisman Trophy). He was the first defensive player in UNA's history with four straight NCAA Division II playoff appearances and an 11-1 record in the playoffs.

After graduation, McKinnon signed a contract to play pro-football with the Arizona Cardinals, of the National Football League.

During the banquet Saturday night, McKinnon will be presented with a key to the City of Elba by Mayor James Grimes.

McKinnon, truly an outstanding young man and athlete, is the son of Robin McKinnon and the late Annie Jean McKinnon.

Elba W & E meeting routine

By Ferrin Cox, Publisher

On January 14th the Elba Water and Electric Board heard Chairman Tim Johnson report that the delinquent accounts receivable were down considerably from the previous month. He commended the office staff for their efforts in collecting these funds.

Superintendent (and Mayor) James Grimes reported that the pole cut by GTE was completed in December. He also projected that the recommended increase in pole rent

with the telephone company (GTE) and cable company (TCL) would not cost the city \$6,322.50.

The projections of the cost of extending city water to the city limits of about \$1.84 (old highway to East Kleinfert's), will increase, Grimes said.

The Alabama Highway Department will not allow PVC pipe in their recent highway shoulder improvements, therefore iron pipe must be used on 1700 feet of the project.

This will increase the cost of materials from \$1.56 a foot for PVC to \$5.37 a foot for the iron pipe.

Grimes told the board that the utility needed a small pick-up truck for running around and he recommended a vehicle from the State of Alabama surplus yard at a cost of about \$8,000.

Board member Ben Carpenter spoke out in opposition. He said, "It will soon get to where every employee for the City and W & E will be running up and down the road in their own vehicle."

Grimes reported they recently took one truck off the road and an additional vehicle is needed for maintaining the various sites of the flood control project. Reimbursements from this work will be \$5,000.00 bond.

The other juvenile was turned over to juvenile authorities and his case has already been heard in juvenile court and disposition made. His file is sealed due to his being a minor.

The third suspect, Kevin Pruitt, AKA Sam Burks, age 25, of Elba, has been arrested in connection with the assault and robbery.

He was charged with robbery in the second degree, and is being held in the Coffee County Jail under a \$7,500.00 bond.

The case remains under investigation by the Elba Police Department and is pending subject to action by the grand jury.

The work is being funded with a grant from the Alabama Highway Department, which maintained veto power over the final plans.

City Clerk Don Morrow announced last Tuesday that bids have been officially let to Couch Inc. for the turn lanes on the Kiniston Highway, at Dorsey Trailers.

The project had been delayed because of a shortage in grant funds to finance the project. Additional funds were approved and the project is moving forward.

BRAINSTORMS

With Ferrin Cox

Recent bombings in or near abortion clinics don't make a bit of sense. Regardless of a person's opinion on abortion, the bombs don't fit. Our simple mind doesn't understand the reasoning of, "We are opposed to abortion (cause it is killing), you ain't opposed, so we are gonna kill all of you who don't agree with us!" It happened in Atlanta last week and experts were not sure it was directed at the abortion clinic. It happened again in Oklahoma and now the experts are convinced the bombings are connected to the abortion clinics, but haven't made any arrest at this writing.

Recently there was a Sunday newspaper advertisement promoting credit cards which borders on the criminal side. Not really, but close reading of the terms in that particular offer should convince anyone of the benefits of paying cash, if there was no other credit card available. If a person would add up the application fee, annual fees and study the way they figured their already high interest rates, honest folks just couldn't afford to have and/or use one of those particular cards.

We were breaking bread one evening recently with Judy and Gene Eastburn in their Lee Community home. Gene, who does a lot of land surveying, has acquired, from Washington, copies of some of the original land surveys of Coffee County... with the signature of the "main man" General John Coffee. Elba folks might be interested in knowing that Pea River was called Yellow Waters River in 1821. It said so on the official government surveys. Since there is a Yellow River just west of here, we are glad someone had the wisdom to make a name change (or correction).

It will be interesting to see what dominates the national news after O.J. The Simpson trials must get reported on, regardless. Monday night we expected to get a lot of TV time devoted to the presidential inaugural festivities, and it happened. But, even that was intertwined with speculation over what has, is and will happen in this third Simpson trial. They haven't had court on that case since one day last week, which means the national newspaper, radio and TV reporters rehash their rehearsed story from the previous day.

For years the word has been that a person must be "into" computers if that individual expected to survive in today's fast moving world. The facts were pretty clear on that. We are believers and are "into" the electronic world. Now however, we are falling behind again. All of us Americans who ain't on the net are considered today's hillbillies. For years our excuse was the high cost of the long distance phone calls. Now with the help of folks like Covington Co-op and their Internet service, the price is reasonable and our best excuse is gone. Maybe later on we will take the plunge, but it will not be this week.

Why a Balanced Budget Amendment Makes Sense

One of the major pieces of legislation to be voted on by the historic 105th Congress will also be one of the first: The Balanced Budget Amendment.

In just a few weeks, Congress will be faced with a critical question: Do we as a nation take action to provide a better standard of living for Americans, or do we continue to bury our heads in the sand while the government heads toward bankruptcy?

A balanced budget amendment is not about numbers. It is about people. It is about families. It is about our moral responsibility to stop robbing future generations of the opportunities and prosperity they deserve.

A balanced budget amendment is a moral obligation. The federal government has not balanced the budget since 1969, the same year that Neil Armstrong and Buzz Aldrin were the first men to walk on the Moon. Ever since then federal deficit spending has been heading in a similar astronomical direction. As a consequence, a child born today will owe nearly \$200,000 in taxes during his lifetime just to pay the interest on this growing debt.

This burden will only increase as long as the government continues to spend beyond its means. What's your stake in a balanced budget? Actually it's rather significant. Your personal share of the national debt is \$18,000 for an average family — and growing! The effects of decades of federal red ink have resulted in artificially inflated interest rates which translate into hidden taxes on the consumer. Here's how it works according to the House Budget Committee.

In short, the balanced budget amendment will force the politicians and bureaucrats in Washington to permanently change the way they do business. It will force them to be accountable for every one of your tax dollars they spend. With 85 percent of the American people in favor of a balanced budget and the majority of American states already possessing a balanced budget law, it makes no sense for Congress not to pass this Amendment.

LETTER TO THE EDITOR

Dear Editor,

I have been blessed with two beautiful puppies someone deposited at my front door. I have five dogs of my own and I would like to find a good home or homes for these precious puppies.

They are a caramel color with black tails, and are going to be little dogs. If you are looking for a pet for yourself, an older person, or a child, they are perfect.

When the puppies were left at my house, they were so pitiful, just skin and bones. However, after four weeks of egg nog and puppy chow they are robust and healthy.

Please remember the animal shelter always has dogs for adoption, so get in touch with Sam Andrews through the police station and he will help you select a good pet.

Call me at 897-6469 if you are truly interested in a fine, beautiful small dog. No charge will be made for these little angels.

Respectfully yours,
Bernice Clay

GFA annual meeting set for January 28th

The annual meeting of the GFA Peanut Association will be held on January 28, 1997, according to Dykes Adkins, GFA Director. The meeting convenes at 11:00 a.m. EST, and will be held at the GFA headquarters in Camilla, Georgia.

The business session will include ratifying the election of the directors in the district meetings and transacting other business.

A barbecue lunch, courtesy of GFA Peanut Association, will be served to all in attendance. All peanut farmers are invited and encouraged to attend the annual meeting.

How do I pray for a miracle?

When we are faced with a great need, either for ourselves or for others, we should begin by humbly seeking to know God's will in the matter. "Father, what do You want to do in this situation?" Jesus said, "My Father worketh hitherto, and I work." (John 5:17). He listened to the voice of the Father, and He watched Him. Be careful not to start or end a prayer by saying blindly, "If it be Your will." Rather you should seek to know God's will in the situation and then base your prayer upon it. Praying for a miracle is the situation and then base your prayer upon it. Praying for a miracle is the situation and then base your prayer upon it. Praying for a miracle is the situation and then base your prayer upon it.

It is often important to exercise a key to the miraculous spoken word. God has given us authority over demons, sickness, storms, and finances (Matt. 10:1). Often we may keep asking God to act, when in fact, He calls us to employ His authority by our action with divinely empowered speech. Then we may declare that faith that God gives you, speak it forth. But remember, miracles come by faith in God's present power, not by a ritual or formula of human works or willpower.

"And Jesus answering said unto them, Have faith in God," (Mark 11:22). This is the same as saying, "Have the faith of God." God has given us the opportunity to use the same kind of faith He used to speak this world into existence; even God gives us the privilege to call those things which be not as though they were, (Romans 4:17). This is the faith that releases the resources of heaven into our situation, obstacle, hindrance, or insurmountable problem. This faith is defined as conviction, confidence, trust, belief, reliance, trustworthiness, and persuasion. It is the divinely implanted principle of inward confidence, assurance, trust, and reliance in God and all that He says.

This faith must be accompanied with an expectation. Expectancy opens your life to God and puts you in a position to receive salvation, joy, health, financial supply or peace of mind; everything good your heart longs for and more!

Today, if your situation dictates a need for a miracle, seek the will of God and pray believing to receive what you have asked of the Lord. This is the day of MIRACLES! God is waiting to hear from you!

County Beef Cook-off

Elba High School sophomore, Jessica Parks, was named winner of the 1997 Coffee County Beef Cook-off on January 7. The Beef Cook-off is sponsored each year by the Coffee County Cow Bells.
Jessica's winning recipe was Salisbury Steak. The recipe she used was given to her by an aunt and although a few minor changes were made, Jessica was excited that a family recipe helped her win the contest. As a unique touch, Jessica shaped the ground beef patties into the shape of a cow's head with carrot sticks for horns. The steak was served over rice and garnished with flowering kale, celery and carrot tops.
Second place winner was Tenisha Tidwell from New Brockton High School. Her recipe was Beefy Shells. Angie Laney's Stuffed Peppers placed third. Angie attends Zion Chapel High School.
The prizes were presented to the winners by Virginia Jordan, a member of the Coffee County Cow Bells. Jessica also received an additional check for her expenses when she attends the State Beef Cook-off in Montgomery on February 1, 1997.

Meet The BOE Members

January is School Board Month. Members of the Elba City School Board are appointed by the Elba City Council and serve five year terms. These civic minded people serve with no compensation for their time or efforts. They take time from their jobs and family to oversee the education of the children of Elba. It is only fitting that we take this special opportunity to recognize each of our board members.

Mrs. Myrna Cowen - Chairperson. Mrs. Cowen not only serves as chairperson of our local board, she is the Executive Vice President/Finance for Klemm's of Alabama. Mrs. Cowen serves on several other civic organizations including the Chamber of Commerce, Rotary Club, and the local Industrial Board.
Rev. Aubrey Williams - Vice Chairperson. Rev. Williams is employed at Fort Rucker and serves as pastor of the Rocky Head Mission Baptist Church. Rev. Williams is a strong supporter of our schools and the inspirational leader of our board.

Mr. Daniel Stephens. Mr. Stephens is completing his fifth year as a board member. He served as chairman in 1995-96. Mr. Stephens is President of EDS-SCO, Inc., Elba, AL, and supports the school in many ways other than just his leadership as a board member.
Mr. Bob Roberson. Mr. Roberson is the senior member of the board. He is completing his second five year term as the only member that was on the board during the flood of 1990. Bob has served as board chairman and been actively involved in all phases of our school program. He is the owner/pharmacist of Medical Arts Pharmacy.

SGA Workshop

by Melissa Benbow
December 6, 1996, the Elba High School Student Council officers: Melissa Benbow, president; Elizabeth Strong, vice president; D'Undray Peterson, secretary/treasurer; and Julie Roberson, reporter/historian, attended the High School Student Council Leadership Conference at ESIC. The conference began with a welcome from the Enterprise State President and an introduction of the ESIC Student Council and mentors. The workshop consisted of different sessions such as parliamentary procedure, time management, team building, and ways to better student council procedures and activities. The day ended with closing remarks and everyone left with new ideas for the future.

A Gymnast's Dream

by Aaron Creel
Hi! My name is Cammie Kelley. I am the daughter of Jerry and Theresa Kelley. I am also an eighth grader at Elba High School. About 6 months ago, I wrote a poem titled "A Gymnast's Dream." I was inspired to write this poem after I watched the women's gymnastics team win the gold medal in Atlanta. As a former gymnast, I know the hard work they put in to win the gold. I did not think many people realize what gymnasts went through, so I wrote a poem to share with others about dedicated gymnasts. In August, my parents sent "A Gymnast's Dream" to be entered in a poetry contest. On October 14, 1996, I received a letter from "The Poetry Guild" in New York. The letter stated that my poem, "A Gymnast's Dream," was a semifinalist in their 1996 National Poetry Contest. My poem was also going to be published in a book titled *Whispers in the Garden*. *Whispers in the Garden* is a book that contains poems from some of today's most promising poets. It will be published in the fall. I am very excited about the publication. I simply cannot wait until this fall!

A Gymnast's Dream
Many girls start out with a dream; They dream of being a gymnast and someday making the Olympic team.
But as we all know, many dreams do not come true; For being a gymnast takes a lot of hard work and it isn't easy to do.
Gymnasts have to deal with physical and emotional pain; Sometimes they feel as if all their hard work has gone down the drain.
Do you feel the pain? When a gymnast falls at a meet and suffers a strain.
As they jump gracefully on the beam; Do they ever think of their dream?
And on the floor, Do their hearts open and does the pain come out of that door?
We never wonder why; Because we never have the blisters nor the scars that make us cry.
But through the hard work put into the floor exercise, the uneven bars, the vault, and the balance beam; All in all, a gymnast's work comes from a gymnast's dream.

As they jump to the uneven bars, We never see their painful scars.
As they spring onto the vault, We see a face whose goal has been sought.
As they jump gracefully on the beam; Do they ever think of their dream?
And on the floor, Do their hearts open and does the pain come out of that door?
We never wonder why; Because we never have the blisters nor the scars that make us cry.
But through the hard work put into the floor exercise, the uneven bars, the vault, and the balance beam; All in all, a gymnast's work comes from a gymnast's dream.

QUESTION ?? CORNER ??
How do you feel about how the College National Champions are selected?

by Shan-Ta Caldwell
Erin Vignola is the daughter of Jean and Ted Vignola. She attends the United Methodist Church of Elba. Her hobbies are basketball, playing cards, and spending time with her brother, Rory. Erin is a member of the Journalism Staff. Her goal for this year is to graduate from high school and attend ESIC. Erin's favorite past time is watching old movies and spending time with Melissa.
Michael "Pete" Reed is the son of Emma and MacArthur Reed. He attends the Church of Jesus Christ of Elba. His hobbies are playing basketball and shooting pool. He is a member of the VICA club. His goals for this year are to graduate and to win the state championship for Coach-Mike Reed. After high school, Michael plans to continue his education. His favorite past time is sleeping, eating, and listening to the radio.

Pocketful Of Dynamite

by D'Undray Peterson
In the early days of TV, there was a popular comedy show known for its far-fetched gags. Among the cast of characters was a curly man who had an annoying habit of jabbing people with his finger. Finally one of the other characters could no longer tolerate him and said, "I'm ready for him." He boasted to a friend, "I put a stick of dynamite in my vest pocket, and the next time he jabs me he's going to get his hand blown off!"
The teacher that influenced me the most was my father. He is like having a stick of dynamite hidden in your pocket. Such a volatile attitude may trigger explosions that not only do irreparable damage to other people but to you as well.
In the sermon on the Mount, Jesus warned his audience about the damaging effects of anger (Mt. 5:23-24). Paul urged his readers to get rid of "all bitterness, wrath, anger, clamor, and speaking" (Eph. 4:31). And God says, "Vengeance is mine, I will repay" (Rom. 12:19).

Presidential Classroom

Todd McKee, a student at Elba High School, was invited to our nation's capital as a participant in the Presidential Classroom Scholars Program, February 1-8, 1997. Joining hundreds of high school students from across the country and abroad, Todd will take part in seminars presented by leaders representing each branch of government, the military, media, lobbying organizations, and business. Students are also scheduled for a private tour of the White House, appointments with the offices of their Senators and Representatives and a visit to a foreign embassy. The balance of the week in Washington will be filled with small-group workshops on today's hottest issues, visits to the monuments and museums, a night at the theater and a commencement celebration.
Since 1969, Presidential Classroom has hosted more than 72,000 of America's finest students as they explored Washington and our government as public servants. Long known around the country as America's premier civic education program, PC Alumni have gone on to be leaders in their own communities and many, like U.S. Representatives Chet Edwards (TX) and C. Richard Allen, Senior Advisor, the Corporation for National and Community Service, have returned to Washington as public servants.
For more information about Presidential Classroom, send e-mail to: PresClass@ednet.com or call toll-free 1-800-441-6533.

by Doug Grimes
The teacher that influenced me the most would probably be Mr. Ruby Ingram, my kindergarten teacher. From the very first day, I think she was the only teacher I had that went a whole year without yelling or spanking anybody. She taught me that breaking crayons, then dumping them across the room, and tearing apart my sleeping mat was wrong.

She also taught me respect and how to actually have fun at school. Everyday at Elba Elementary School with Ms. Ingram was enjoyable. I would like to thank Ms. Ingram for helping me through the first step of a long treacherous road called school.

Co-Op Spotlight

RYAN FAIRCLOTH

Separating and weighing metal, dividing papers, and assisting when needed are some of the duties performed by Ryan Faircloth. He works at the Jax Woods Metal Company.
Ryan, a senior member of the Zion Chapel Community Co-op class, works five days per week. His hours are usually from 1 p.m. to 5 p.m. He also works Saturdays from 7 a.m. to 12 p.m.
Ryan said, "I like doing something for the environment and I recommend you to bring all your scrap-metal and cans to us."

Projects For Math Classes

In addition to compiling a journal, students of Ms. Mary Herbert's math classes are required to complete a project. Students not compiling a journal have the option of completing two projects.
Students completed journals last semester. The journals included information on how that person felt when he came to class, what he did in class, and how he felt when he left class.
Students wishing to continue with their journals are required to complete only one project. Those who do not wish to continue must complete two projects.
An example of a project would be planning an ice cream party. This would involve taking a survey of his fellow classmates to determine which flavors of ice cream to buy.
Before each student could begin working on his project, he had to discuss his ideas with Ms. Herbert and get her approval.

*****Rebel Basketball News*****

The Zion Chapel Rebel Basketball team has been playing hard all year but could not pull off a win as they faced the G.W. Long Rebels of Sliderville.
With the help of Bo Adkinson's 11 points and Josh Faircloth's 8 points, Zion Chapel could not pull off a win in a 41 to 59 loss against G.W. Long.

The team also faced a loss to the Kingston Bulldogs. The Rebels fought hard the entire game but were not able to pull off the win despite the help of Wesley Clark, who scored 18 points, and Andre Flowers, who scored 12 points. The Rebels fell short to the Bulldogs with a score of 51 to 66.

Coach Doug Branson said, "We have played four good games this year but we are a young and inexperienced team, hopefully we will come together as a unit and get some experience and some wins." Coach Branson also said that he is very pleased with the hustle of the team at this point and looks forward to a continuous cohesive effort from each team member.

Journalism Students Search For News Story

Each Monday morning the members of the Zion Chapel High annual staff come to school to search for news stories. That is, until the next Tuesday morning Mrs. Bryan for editing.
At the end of the period the dreaded confusion is over. The students then relax for the rest of the week and forget all about the task of writing a news story. That is, until the next Tuesday morning when the confusion begins again with the words "news stories are due by three o'clock today."

Ag Class Restoring Tractor

Zion Chapel FFA and the members of the first period Agri-business class are restoring a 1959 240 Utility International tractor. The restored tractor will be entered in the FFA tractor restoration contest.
The class members are planning to paint the tractor and re-work the engine. They will break down the engine and repair all the major parts. The tractor will be painted white and the engine is being repaired. The students will then put the tractor back together.
The restored tractor could win the class members up to \$5000. The FFA chapter has until September of 1997 to complete the restoration.

Appearance, walk, and etiquette are proper modeling techniques. Mrs. Wright, who is from Statesboro, Georgia, also helps young guys and girls with photo sessions.

In the first session, Amber and nine other girls learned how to properly apply their make-up and modeling poses. They learned the proper run-way walk and camera poses.

In the second session, they were timed on their make-up application. Amber and the others were given 30 minutes to complete their make-up. Amber, along with several others, finished in approximately 15 minutes. Afterwards, they were taught proper modeling etiquette.

For the third session the girls will have a dress rehearsal in preparation for a fashion show. They will plan a layout for the show by deciding what outfits to wear and what order to appear on the run-way.

For the fourth session the girls will conduct a fashion show. Mrs. Shaw will present three outfits. Each girl will model a sports wear, casual, and formal outfit. The fashion show will be held in the Elba High auditorium on January 25, beginning at 1:00 p.m.

Students Study Poetry
Dealing with how to approach death is a theme that teenagers, as well as others, do not like to think about. William Collier Bryant wrote a poem many years ago with a message about how to approach death. Mrs. Sorya Shaw, Senior High English instructor, requires the members of her eleventh grade class to study this poem.

The poem "Thanatopsis" is an example of how the American poets wrote and thought. The poem deals with how one should approach death. Mrs. Shaw not only asks that the students study the poem but requires them to recite the last stanza of the poem. The last stanza of the poem deals with how to calm your fears about life.

The Pressbox

By Ricky Mularz, Sports Editor

Melanie came to watch the girls play basketball Saturday morning in City League action and wound up getting a bird's eye view as she played two games for one of the teams that was short a couple of players. She didn't score any points, but did get a few rebounds, and was real easy to spot in the first game as she was the only player on the court wearing plaid pants and boots. After the games were over she said she didn't play well; however, she did play, and I told her that is always the first step toward getting better.

ELBA TIGERS WATCH RECORD SLIP TO 10-5

The Elba Tigers had a busy week on the court last week as they played three games and won only once to watch their record slip to 10-5. The win was a blowout victory over Dale County, while both losses came on the road as the Tigers lost to sixth-ranked Headland and 5A Hillcrest, of Evergreen. The Tigers played hard in both losses and in years past may have claimed at least one of the setbacks as a moral victory, but this year the Tigers want to win 'em all, and both losses hurt.

Elba opened the week in Headland and battled the highly-ranked Rams to a 49-46 deficit after three quarters before running out of steam. The loss gave Headland the Area title; however, the Tigers were confident even after the loss and are now convinced they can upset the Rams in the area tournament. The Wednesday night win over Dale County was an easy one as the Tigers took control early and coasted to the 37-point win. The Tigers used their quickness to harass the Warriors and made it look easy in claiming their 10th win of the season. The last game of the week took place down in Evergreen against the talented Hillcrest Jaguars, and the Tigers simply couldn't keep pace as they took it on the chin by 15 points. Elba's quickness was negated by the Jags, and the Tigers lost to a better team.

While a 10-5 record may be the best for an Elba team in many years, the Tigers were more than a little disappointed with the two losses. The loss to Headland knocked the Tigers out of the area picture, but gave the players a shot of confidence, while the loss to Hillcrest stung the Tigers and made them determined to get better down the stretch. If Elba will learn from the losses, the lessons should pay dividends on down the line.

BIG WINS HIGHLIGHT AREA BASKETBALL ACTION

It was a big week for the teams in the area as New Brockton and Brantley both posted big wins to gain momentum heading down the stretch. Here's a quick look back at the week that was.

NEW BROCKTON (8-10) lost its first two games of the week to Enterprise and Goshen, but showed that old "Gamecock Pride" late in the week to stun G.W. Long and improve its record to 8-10. The Gamecocks played their worst game in years in the loss to Enterprise, but played well against highly-touted Goshen and then claimed their biggest win of the season Friday night in the big win over the 8th ranked Rebels. It didn't look that way at the time, but the loss to Enterprise may have been the wake-up call that the Gamecocks needed.

BRANTLEY (11-7) claimed a pair of big wins late in the week as the Bulldogs upset both Frisco City and J.F. Shields to move their record to 11-7. The sixth-ranked Bulldogs got back in the Area title hunt with their road win over the Whippets, then on Saturday night showed they might just be a 1A contender after all with an impressive win over 2A power Shields. The Bulldogs have a very young team that has struggled at times, but the wins last week have to give the youngsters a big shot of confidence, and by the time the "Dogs" make it to post-season play, their teeth may be sharp enough to make a run at a title.

KINSTON (8-10) came out on the short end of an upset at Arton, and it looks like the Bulldogs are still suffering from a lack of consistency. Kinston at times looks like a team that can beat anybody, anywhere. However, at other times the Bulldogs simply show up and seem to go through the motions. When the hungry Bulldogs show up the wins follow, and unless that bunch of Bulldogs start showing up every night they hit the court, it could be just another disappointing season for the folks down in the south end of the county.

ZION CHAPEL (0-12) took it on the chin from Arton and Houston Academy last week to see their record for the season fall to 0-12. The Rebels played hard Friday night in the lopsided loss to Houston Academy, they simply didn't have enough skilled people to slow down the talented Raiders from Dothan. The defection from the mounting losses showed on the faces of the players, coaches and fans at the Rebel gym, and while losing is certainly no fun, until the losses start hurting, they'll just keep on coming.

ELBA TEAMS FAIL TO CLAIM CROWN IN COUNTY TOURNEY

Hopes were high last week that the Elba Tigers would sweep all three crowns in the upcoming Coffee County Junior High Tournament, and with all three teams entering the tourney with impressive records, it certainly looked like a possibility. Those hopes were dashed early in the week when the 8th graders were upset by Enterprise, and the hopes of the 9th grade teams also fell by the wayside Saturday as both the girl's and boy's teams were surprised by Enterprise Junior. All three teams had winning seasons and set the tone for more success in years to come, but the losses in the tournament will haunt all three teams for quite a while, and put a damper on the success enjoyed for the remainder of the year. The tournament losses should hurt; however, all three teams had very successful seasons and one loss can't make, or break, a season.

NOTES IN CLOSING...

NEW BROCKTON Lady Gamecocks have been coming on fast in recent weeks and may just have a real shot at making it to the Regionals. The Lady Gamecocks don't have a lot of depth, but do play hard for every second of every game, and when your assistant coach is Charles Cole, it can't hurt.

Lushers Lane, the son of former-Elba Tiger coach Curtis Lane, was featured last week by The Dothan Eagle, and the upcoming athletic star was came out shining in the article. Lane, now a freshman at Geneva County High School, is 6'4" and weighs 240 pounds, and is averaging in double figures for the highly-ranked Bulldogs. Everyone in Elba that remembers him is proud of his success.

Improve record to 10-4

Tigers warm-up to scorch Warriors 79-42

The Elba Tigers caught fire after a sluggish start to trounce the Dale County Warriors 79-42, Wednesday night in Elba.

The win moved Elba's record to 10-4, while Dale County slipped to 1-9 with the loss.

The Tigers came out playing uninspired in the opening stanza and led only 10-7 with 2:06 left in the

quarter, but began to take charge in the second quarter, and behind the play of Derrick Daniels and Michael Reed stretched their lead to 33-22 by the end of the half.

Elba was determined to put the pesky Warriors away in the third quarter and used the inside power of Reed and the outside shooting of Eric Jordan to outscore Dale

County 17-3 to open up a big 51-24 advantage with 2:41 still left in the stanza.

Courtney Robinson and Marcus Siler scored 10 points apiece in the fourth quarters as the Tigers kept on rolling and posted the lopsided 79-42 victory.

Derrick Daniels and Courtney Robinson both scored 14 points to lead Elba, while Marcus Siler added 12 and Michael Reed tossed in 11. Bright led Dale County with 16 points.

Elba (79): Thigpen 4, Daniels 14, Jordan 8, Robinson 14, Siler 12, Brown 6.

Headland tames Tigers 74-61

The Elba Tigers saw their hopes of winning the area basketball title come to an end last Monday night when the Headland Rams pulled away in the final stanza to defeat the Tigers 74-61, in Headland.

The loss left Elba with a 9-4 record, 1-2 in Area play, and gave Headland the area title.

Elba fell behind 16-8 in the opening stanza and appeared to be in trouble against the talented Rams; however, the Tigers battled back and cut the deficit to 49-46 by the end of the third quarter, only to see Headland regain command in the closing period to pull away and claim the win.

Derrick Daniels scored 24 points to lead Elba, while Culver led Headland with 21.

Gamecocks clip Kinston 63-49

The New Brockton Gamecocks outscored the Kinston Bulldogs 14-2 over the final three minutes of the game last Tuesday night to pull away and claim a big 63-49 win, in New Brockton.

The win moved New Brockton's record to 7-9, while Kinston fell to 8-9 with the loss.

Kinston pulled out to an early 7-2 lead on a three-pointer by Ronnie Sansom and owned a 9-5 lead with 2:23 left in the opening stanza, only to see New Brockton rally and

catch the Bulldogs at 11-11 by the end of the quarter on a late basket by Robert Fleming.

The Gamecocks continued their surge in the second quarter and moved on top 17-11 after six straight points by Andrae Medley, then stretched their lead to 24-15 with 4:04 left in the half.

Kinston rallied to cut the New Brockton lead to 26-21 with 2:20 left in the quarter on a basket by Allen Bowdoin; however, the Gamecocks closed the quarter with

another rally and went in at intermission with a 31-21 lead on two late free-throws by Medley.

New Brockton's lead went to 38-27 with 5:29 remaining in the third quarter on an inside bucket by Enorise Newton, but this time it was Kinston's turn to rally, as the Bulldogs closed the stanza with an 11-3 spurt to pull within 41-38 with eight minutes left to play.

Two long three-pointers by New Brockton's Jason Allums enabled New Brockton to extend their lead to 47-40 with 6:48 remaining in the game, only to see Kinston again battle back and pull within 49-47 with 2:50 left on the clock on a driving lay-up by Brad Matthews.

The Matthews' bucket was the only points the Bulldogs would score for the next 2:26; however, as New Brockton took command behind the play of Robert Fleming and ran away to claim the 63-49 victory.

Andrae Medley scored 22 points to lead New Brockton, while Josh Lewis and Jason Allums both added 12, and Robert Fleming scored 10. Allen Bowdoin led Kinston with 12 points.

chase, with Carpenter opposing. Electric Supervisor Larry Eddins reported his department completed 69 work orders during the past month.

The electric department staff is now at full force and is divided into three work crews.

The board approved monthly bills totaling \$23,806.81.

City Clerk Don Morrow reported the high bidder on the old bucket

truck was \$5,610.00 by Bill Waldon Construction Company, of Elba. There were 12 bids submitted, ranging from Waldon's high bid, down to one \$85 less and on down to one of \$831.00.

Johnson recommended the board grant \$500 each to two Elba Elementary School projects. The board members agreed and voted to donate \$500 to both education enhancement programs.

Former Elba attorney indicted by federal grand jury

By Marvin McIlwain, Editor

An attorney who practiced law in Elba for a short time "has been indicted on federal drug charges."

Attorney David Harrison, an attorney presently practicing law in Geneva, AL, has been indicted by a federal grand jury on the charge to distribute methamphetamines in Coffee and Geneva counties.

Harrison was arrested on January 9, 1997 on the federal indictment.

The indictment alleges that Harrison entered into a methamphetamine conspiracy with a variety of individuals who are currently facing federal charges in a separate case.

Harrison's arrest came as a result of a continuing federal investigation of drug trafficking in Southeast Alabama.

In November, officials arrested four Geneva and three Coffee County residents on charges of conspiracy to possess with intent to distribute methamphetamine.

Charged at that time were Roger Wise, Dennis Weatherford, Dennis Weeks, Henry Swedberg, Bobby Henderson, Alex Tew, and Danny Earl Mitchell.

Harrison's initial appearance was held in the Federal Courthouse in Montgomery. At that time, he was released on bond.

Harrison's arraignment was set for January 16, and his trial is scheduled for March 3, 1997. If convicted, he faces a minimum five-year sentence and a maximum sentence of twenty years in prison.

The investigation leading to the arrests was conducted jointly by the Drug Enforcement Administration, the Alabama Alcohol Beverage and Control Board, and the Alabama Bureau of Investigation. These agencies were assisted by the Geneva County and Coffee County Sheriff Departments.

"This program could remove as many as 500,000 dead or relocated voters from our voter lists," Secretary of State Bennett said. "This program will give us clean, accurate voter lists in the 21st Century, something we have not had for much of the 20th Century."

State promoting voter list cleanup

The state is mailing non-forwardable postcards this month to the state's 2.6 million registered voters as the first step of statewide voter list cleanup.

The federal "motor voter" program mandates the mailing of the postcards and the voter list cleanup. Postcards will be mailed throughout the month of January and are sent to the voter's last known address.

"Voters that receive postcards don't have to do anything. The fact that the postcard arrived verifies that the address information for the voter is correct," Secretary Bennett said.

"The postcards that are returned as undeliverable will give us a potential list of voters who have died, moved out of state, or just need their address information updated."

Voters whose postcards are returned because the address information is not correct will be sent a second, forwardable mailing. In May with a detachable, postage-paid postcard that allows the voter to update his or her address information.

Voters included in that second mailing who do not return updated address information will be listed as inactive on the voter lists.

Inactive voters who do not update during an election or on their own outside of an election by January of 2001 will be removed from the voter lists. This program is administered in conjunction with the Office of the Voter Registration.

"This program could remove as many as 500,000 dead or relocated voters from our voter lists," Secretary of State Bennett said. "This program will give us clean, accurate voter lists in the 21st Century, something we have not had for much of the 20th Century."
